

International Geography Olympiad 2008 Fieldwork Test

[Note there were three components to the Fieldwork Test.]

Mapping exercise 1

Attached is a very basic map of the area that you have to map in more detail. All that is indicated on the map are: the road and bridge, farm buildings and tracks, water reservoir and well and a few contour lines.

Complete the map by also indicating landforms and land use.

Choose appropriate symbols, labels and colours and complete the legend.

You have 1 hour to complete this mapping exercise.

This exercise is worth 10 marks.

Work individually. Working cooperatively with others will result in a penalty.
